

September 2018

Hello Everyone,
Thank you so much for your interest and support of the children of Haiti.

Once again, my travels have brought me to

Haiti to find the children healthy and happy due to your assistance. It is a wonderful thing to be able to

spread God's love and support those who have no support. The school year has started again and the children are being introduced to their teachers. Thanks to your generous support, we are able to bring the teachers into the orphanage and provide safe, quality education right here.

Franceline, Ely, and Darla are in Primary 1.

Mislane and DeeDe are in Primary 2

Cedric and Sassan are in Primary 3.

MackEndy is in Primary 4. Schneider is in Primary 5. Tatane and Jasmine are in Primary 6. Mivelore and Crezou are in Secondary 1.

This is our second year for running a school here at the orphanage. Last year, we had a Kindergarten class all 6 primary grades. This year, as the children have grown, we no longer need Kindergarten, but have started a Secondary 1 class.

The Haiti Educational system includes 3 Kindergarten grades, 6 Primary grades, and 7 Secondary grades. Primary 1 is roughly equivalent to Kindergarten in the US. Secondary 1 is roughly equivalent to Grade 6 in the

US. Like the US, in a traditional Secondary school in Haiti, the children change classrooms to learn from the teacher skilled in that topic. Because we are so small, we are having several teachers come in to teach. Mivelore and Crezou have 6 different teachers, so that they can learn Algebra, Geometry, History, Geology, Physics, French, Creole, Spanish, English, and Biology.

We were able to visit Johnny Michel's orphanage this time. It was a great blessing. Due to unrest in the area we decided that it was too dangerous to visit him during our last visit, so we were glad to be able to visit this time. Johnny built his orphanage on rented land about a year ago, and has been working to improve the property. His brother was the one that rented the land and his brother is a school principal by trade. They have always had the intention to build a school on the property and now

they have taken steps to start building. It is not done yet, so they cannot open, but plan to open in October. This will allow the children in Johnny's orphanage to attend school in the same complex where they are living. Last time I wrote to you, I told you about a third orphanage that needed our help, and I had several donations to help this orphanage. Unfortunately, as things often go in Haiti, we have been unable to reconnect to that leadership team and have been unable to award the money that was raised. Therefore, we have opted to use some of those funds to help Johnny with his new school project and get it ready to teach the children next month.

We praise God that Judith has been able to return to her family, but we also praise God that another little one has found her way to Johnny's care. Her name is Rosena and she is 2 ½ years old.

Johnny has constructed a small recording studio in his living room and has been working to offer recording sessions to local artists and choirs.

I have several things for you to add to your prayer list. As you may or may not know, I lost my job in July and I am currently seeking new employment. Terri and I are major donors to the kids and the orphanage, and when I am not working, it puts the orphanage in danger as well. Please pray that God will provide a new job that I can enjoy and continue to help the children of Haiti.

I am also passing on a prayer request from Mission Flights International (MFI). We use MFI to fly to Haiti on a regular basis. It operates out of Ft. Pierce, Florida and assists missionaries all over the Caribbean, including missions in Haiti. MFI has a faithful servant named Jean Charles who helps run the MFI Mail Room in Port au Prince. His wife is pregnant and they have been facing medical challenges, and they are seeking prayers and God's blessing and medical help. However, a more pressing and serious situation has arisen involving housing for this young family. They are being forced to move from their current residence and find housing someplace else, and they have not been successful to find it. Please pray for God's leading in this family's life.

I wanted to also let you know that the Relief for Kids in Haiti organization is seeking assistance by requesting a major building grant from a willing company. We believe that this will happen soon, so I am trying hard to remove the word "if" from my vocabulary and focus on "when", because we are trusting in God that he will make this happen in His time. The major grant will allow us to purchase

land and build a permanent orphanage. Please pray for God to lead and bless these children that we have come to love.

Just a quick update on the security of the facility. Last time I wrote to you, I explained that security was an issue in Haiti. As desperate people realize that you have funds, they want to take what is yours. We want to be able to help, but we also need to protect what we have so we can continue to serve the children.

We received a wonderful blessing gift that is

covering the cost of a security guard on the compound. His name is Paulson, and he has been trained like a police officer. We welcome his help and protection.

As seems to be the case, every time I come to Haiti, there are new animals for the children. (I really think that it is Marc that likes the animals more than the children. This time, I found a new puppy that belongs

to Marc's brother Ronald, and two new rabbits to go along with the Ginny Pigs.

As always, I am sending the love of the children your way, and we thank you for helping and supporting this ministry. May God Bless you and your family

If you wish to donate to

Relief for Kids in Haiti, please visit our website at www.relieforkidsinhaiti.org.

All donations are tax deductible in the United States and greatly appreciated by the children.

Regards,
Charles McEndree 813-469-8684

Crezou – 15

Jasmine – 12

Mivelore – 12
